For GSR Reflection

From "The A. A. Group: Where It All Begins" booklet (page 28)...

The group conscience is the collective conscience of the group membership and thus represents substantial unanimity on an issue before definitive action is taken. This is achieved by the group members through the sharing of full information, individual points of view, and the practice of the A. A. principles. To be fully informed requires a willingness to listen to minority opinions with an open mind... The term "informed group conscience" implies that pertinent information has been studied and all views have been heard before the group votes.

Does your Group have an Informed Group Conscience? _____ How often? _____

What is working? Why?

What needs improvement? Why?

Using the above reflection, list one or two talking points you would like to share during your GSR Report for experience, strength and hope (ES&H) from others.

✓ Would you like ES&H from other groups to help solve a concern at your next Group Conscience? Explain...

✓ How your Group Conscience solved a problem and you would like to share that ES&H. Explain...
