- B. Email from the River. A request to partner with The River , a local radio station in efforts in LoveCBUS to provide listings of resources that may be helpful to the community was discussed and a draft of an email to be sent will be circulated to the committee members present for group consensus. There is a time sensitivity, and the committee wishes to be responsive. Considerations, The River is a ministry. Perhaps linking to aa.org or COGF for meeting information is a viable option. Timeline is before Committees next meeting May 6, 2p at Maple Grove.
