

Motion for Standing Committee Name Change

Motion:

The current Area 53 “Special Needs” Standing Committee will immediately be renamed to the Area 53 “Accessibilities” Standing Committee, as requested by the Acting “Special Needs” Chair.

- This change would be applied across all media (*Paper, Electronic, etc.*) used by the area.

Rational:

- Conform to the current GSO service structure / desk assignments.
- Remove the negative connotation of the (*Outdated*) term ‘*Special Needs*’.
- Better describes the work to be done by the committee.
- More inclusive.
