

DCM Chair Report for Area Assembly
March 14, 2021

At our January DCM committee meeting we began the meeting with introductions and district reports, recognizing 6 new District Committee Members. Stephen S., Group Services Chair, shared with the meeting his committee's objectives for panel 71, urging the DCM's to collaborate in improving the relevance of Group Services. He would like to see the DCM Planning Committee to create the agenda for a Group Services Committee. I brought to the attention of the DCM's that they have been asked to forgo reporting at the March Assembly, due to time constraints. I opened the floor for anyone to comment on this - the majority of those who shared felt it was important for DCM's and GSR's to report, but perhaps limit them by a timer. I asked the DCM's to think about a sharing session topic for the alt. Delegate to present at a future Assembly. We will revisit this at our next meeting, which will be held on Sunday, April 11, 2021.

Nicholas B.
Area 53 DCMC, Panel 71
