

# Area 53 Assembly Meeting September 12th 2021

---

## Web Administrator Report

---

Our alternate Web Administrator Kayla K. has had to step down.

*"The position has proven to require more time and dedication than I am able to provide due to my demanding full-time job that has only become more demanding throughout this year, and the last thing I want is to stand in the way of another member who truly has the time to serve the needs of this panel.*

*That being said, I'm proud of what this group has accomplished this year, including the fully virtual mini-conference earlier this year! I thank you for all of your support & guidance as a fairly new member to Area service."*

I would like to thank Kayla for her time & service to the area. Without her hard work the 2021 (Area 53) mini-conference would not of been the success that we saw. I would gracefully accept any opportunity to work with Kayla in the future, as she has proved to be an invaluable asset to panel 71 & will be missed.

I have asked (*In consultation with our Area Chairperson - Ann B.*) Bill Y. to step in to assist with the duties of Web Administration until a new 'Alternate Web Administrator' can be elected/appointed. Bill has agreed to handle the events calendar.

As always, if you have an idea of how our web site can better serve your committee, district or the area as a whole - please contact me.

In Service,

Ed Amos  
Web Administrator  
Panel 71, Area 53
